## Teaching Newsletter

Bristol Medical School, 1st Floor, 5 Tyndall Avenue, Bristol, BS8 1UD  
Tel: 0117 42 82987  
phc-teaching@bristol.ac.uk

### **Adolescents' health in vulnerable populations**

at the **RCGP Severn Faculty Gala Dinner 7th June**

**Have you booked your place? Why not book a table your team?**

Don't miss GP **Dr Marian Davis'** talk. Read more on **page 4**

### **Have you booked your student teaching for 2019-20**

Information has been emailed to practices. To book, you need to complete the Year specific online form. If you haven't been sent a booking invitation and would like to teach, please email [phc-teaching@bristol.ac.uk](mailto:phc-teaching@bristol.ac.uk)

**Year 3 MB21** will run for the first time in the next academic year. Don't miss your chance to be one of the first GPs to teach on this course. For more information and a teaching example (Year 3 GP student workshop) go to <http://www.bristol.ac.uk/primaryhealthcare/teaching/mb21-curriculum-review/year-3-mb21/>

### **New MB21 Year 3 Student Choice placement, Summer 2020**

Looking for help with auditor improving patient safety? Want to share your expertise? Why not help with the new end of **Year 3 Student Choice projects in 2020?**

**Please get in touch asap with your ideas and for more information**

Read about it on **page 2**

### **On page 3**

- ◆ Ever thought of observing a **2° Care OSCE**? Read Dr. Cara Harris' report
- ◆ Can you help an intercalating Bristol student with his study into **childhood obesity**?
- ◆ **New book** by GP Chris Johnstone on **Resilience**
- ◆ Check out **CAPC research themes**

### **GP Teacher Workshops for 2019**

Year 3 GP Teachers	9th July	Frogmary Green Farm, Somerset	13.30-17.00
Year 3 GP Teachers	16th July	Cirencester Football Club	13.30-17.00
Year 3 GP Teachers	10th Sept.	Engineers' Hse, Bristol	9.00-17.00
Year 1&2 GP Tutors	12th Sept.	Engineers' Hse, Bristol	9.00-15.00
Year 1&2 EC Tutors	17th Sept.	Engineers' Hse, Bristol	9.00-15.00
Year 4 GP Teachers	8th Oct.	Engineers' Hse, Bristol	9.00-17.00
Year 5 GP Teachers	5th Nov.	Engineers' Hse, Bristol	9.00-17.00

To book any of these workshops, please email [phc-teaching@bristol.ac.uk](mailto:phc-teaching@bristol.ac.uk).

**Are you interested in quality improvement?**  
Introducing a unique opportunity to have a medical student attached to your practice. We are excited to be launching the

**Student Choice placements** (replacing SSCs) for  
**Summer 2020 in MB21 Year 3**

**Why supervise a student choice placement?**

**Useful** to your practice, e.g. undertaking quality improvement, developing patient materials or helping to evaluate your service.

**Students are enthusiastic**, having chosen a project they want to do

**Engage** with, **inspire** and **be inspired** by the next generation of clinicians

**What is involved?**

Placements will run in a 6-week block at the end of the academic year.

Placements should help students to explore '*evidence-based medicine in the broadest sense*'. Students will choose an area of study, collect data, analyse it and reflect on its use in clinical settings. Students will be expected to work largely independently with some support.

**'I don't have words to describe how important this SSC has been.'**

Student feedback from Penny Brohn Integrative Medicine SSC 2017

**Funding of approximately £1000** will be available per student placement, to enable supervisors to provide mentoring and support.

**Want to hear more?**

We would love to hear from you if you've provided SSC placements before and / or have an idea for a Student choice placement. CAPC teaching can support you to develop a proposal, and provide some training in research skills for students.

**Contact us as soon as possible** for more information or to suggest a placement.

We will be back in touch in the Autumn, but please be in contact with us asap with any ideas. If you already offer an "SSC" from your practice, we are really hopeful we can integrate this into the new structure.

**Key Information**

Placement period: Monday 8<sup>th</sup> June to Friday 17<sup>th</sup> July 2020

**Interested or want to discuss an idea?**

Please contact us as soon as possible to discuss

Contact: [Rachel.johnson@bristol.ac.uk](mailto:Rachel.johnson@bristol.ac.uk)

## Being an OSCE examination observer

by Dr Cara Harris, Salaried GP at Tyntesfield Medical Group

*I was starting my new role as a honorary GP teaching fellow and, while at one of the Year 2 & 3 workshops, I recalled being asked by my previous students what would be expected of them at their MDEMO exams; I was honest with them that I wasn't entirely sure. I discussed with the Rheumatology consultant at the Year 2 & 3 workshop about coming to observe the MDEMO exams. It was easy to arrange via their team for the next MDEMO exams one month later.*

*I spent 2 hours at the MDEMO exam and focused on the different musculoskeletal stations of history taking, examinations and clinical reasoning. It was great to talk to the examiners and patients, hear the types of questions asked for the clinical reasoning station and see the details of the mark sheet for the joint examination stations.*

*It was odd to hear the station start and finish bells going but being on the other side for a change!*

*It has really helped me set my expectations of what is required of myself and my Year 3 students during their sessions in Primary Care. I understand the MDEMO exam itself has been amalgamated into the end of year OSCEs but would highly recommend popping along to observe their exams if you get a chance!*

## Study into **child hood obesity** by intercalated Bristol student **Could you help?**

Myself and a group of us are conducting some research on the obesity epidemic in Britain's children. We are looking for views of primary care practitioners to share their opinions and experiences on the matter and hopefully publish afterwards.

To take part, please click on this link
