Teaching Newsletter

Bristol Medical School, UoB 1st Floor, South Wing Senate House, Tyndall Avenue Bristol BS8 1TH   Tel: 0117 3316824   phc-teaching@bristol.ac.uk

Workshop dates for 2017-18

Year 5   Tuesday 12th December at the Engineers' Hse, Clifton, Bristol

This workshop will cover *changes for Year 5, teaching neurology, supervision, feedback and EPAs* (Entrustable Professional Activities). There will also be time to share and discuss your teaching experiences and challenges. This workshop is suitable for established and new Year 5 GP teachers.
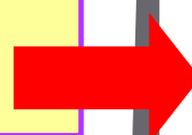

To book, please email **phc-teaching@bristol.ac.uk**

We are planning academy based workshops. Please check future newsletters and our website for dates and venues.

Would you like a keen and enthusiastic medical student in your practice?

Got a project that needs doing? Maybe an audit? Supervising an SSC (Student Selected Component) could be the answer.

Admissions process for Bristol Medical School

Would you like to be involved in the **MMIs** (multiple mini interviews), the final stage of the process?   Half day and whole day options. Morning 9.00-12.30, afternoon 12.20-15.40. These are the dates:

Tues 21st, Weds 22nd, Thurs 23rd November
Tues 5th, Weds 6th, Thurs 7th December
Tues 13th, Weds 14th, Thurs 15th February
Tues 20th, Weds 21st, Thurs 22nd February
Tues 13th, Weds 14th, Thurs 15th March

To express your interest and availability, please email **jo.bennett@bristol.ac.uk**

App of the month

RightBreathe

This app has a list of all the currently available inhaler devices with images and listing drug content. You can search by drugs, device type and also licences, eg children, COPD.

From your app store or check it out here

https://www.rightbreathe.com/?s=&device_type=&drug_class=&drug_name=&device_type=&copd_licence=1

Have you discovered apps that help with work or teaching? We would love to publish them in our new slot App of the month *. Please send them to* **phc-teaching@bristol.ac.uk**

Published entries will receive one of our covetable teaching bags!

Teaching Opportunity

We are seeking proposals from primary care for **year 3 and 4 Student Selected Components (SSCs)**

When?
Students undertake SSC projects in July 2018.
The **deadline for proposal submission** is **1st December 2017**

Why do an SSC?
- Students are engaged and interested
- Exposure to primary care increases the chance of students choosing GP as a career
- Good for your appraisal
- Relatively easy way to get involved in teaching
- Students can do useful work for the practice
- Teaching students is stimulating and interesting

Funding is available ☺

What?
Students can do a range of things in primary care, and this is always really popular - they are keen to do audits, guideline review, produce patient information material, or anything else you have in mind.

What next?
Take a look at the supervisor information document (sent with this newsletter) or look at our website. Click here (ctrl and click) for more information.

Any questions, please contact us on **phc-teaching@bristol.ac.uk**

Best wishes

Dr Juliet Brown

Tip from the 2017 Year 4 GP Teacher Workshop

The seasonal flu vaccination is now available to people at risk of complications from the flu

Most surgeries now have TV screens to display health information. Have you considered using this facility to inform your patients that your practice is teaching students from Bristol Medical School? What this means for your patients, for example how you will ask patients for consent and that it is ok to say 'no'?

If you have already done this we would love to learn from your experience. Please let us know by emailing **phc-teaching@bristol.ac.uk**

Date for your diary

Want to combine **teaching, travel and adventure**? Look no further than **PHASE Worldwide**, a Bristol based charity. To find out more about this charity or if you are interested in going to **Nepal** with them come to the meeting at **11am on Sunday 14th of January.** Venue TBA.
