

Responding to EPA requests

- Step 1: Students prepare an EPA log in their ePortfolio: MyProgress (web or app)
 - They should complete the date and provide information about the situation
- Step 2: You can either:
 - A – complete the EPA log in person with the student on their ePortfolio if time allows (web or app) – it is very quick to do
 - B – ask the student to send an 'email for later' request to you ensuring that the 'situation' box is complete and contains necessary information that will allow you to complete it.
- Step 3: sign off no more than 5x EPAs on the form and enter your GMC number/name and 'Submit' the form (top right)

EPA Log

You should use this form to provide signatory evidence of practice and procedures that display competence at FY1 level of your Entrustable Professional Activities. Your signatory will be asked to complete their name and email address when submitting the form. You should sign off no more than five EPAs using this log. Please refer to the [Entrustable Professional Activities guide](#) for more information and suggested activities for completion.

NB: CaPS completion alone is sufficient for EPA 15, and TAB completion alone is sufficient for EPA 16 sign off.

Date of Activity

* Mandatory

Situation

Please enter a brief description of the environment in which this skill was signed off as competent.

You can sign up to 5 different EPA's on one form but you can only sign off each EPA once per form. If you are claiming more than one EPA on this form please describe each of the different interactions.

Please read the [EPA guidance on the MBChB Assessments area](#) for more information.

* Mandatory

Entrustable Professional Activities

You should select **no more than five EPAs** to sign off using this form.

	Not yet performing at level expected at the start of FY1	Performs at level expected at the start of FY1
1. Gather a history and perform a mental state and physical examination	<input type="radio"/>	<input type="radio"/>
2. Communicate clearly, sensitively, and effectively with patients and relatives verbally and by other means	<input type="radio"/>	<input type="radio"/>

EPAS Updated a few seconds ago

Cohort Demo > Year 5 > EPAs

To be confident when starting your new role, you need to spend time practising in the clinical environment. Completion of the EPAs will allow you to demonstrate to your tutors that you have taken part in the required breadth and depth of learning activities during your Year 5 Assistantships. Completing these across a range of settings will demonstrate your engagement with learning and supports your tutors in signing that you have completed the year satisfactorily. Most of these activities should be part of your normal, day-to-day, work on the wards and in Primary care.
