### Helping students with SSCs

Students in Year 3 and Year 4 have a four or three week block in July, for a Student Selected Component. This is one of the few opportunities for them to pursue a topic of particular personal interest. Around this time of year, you may find that students ask you to do a project in your practice, such as an audit, which can be of benefit to both them and the practice.

We very much encourage GPs to take on this role. Payment is available. It is important that you let us know as soon as you agree to supervise as we have a limited budget. Further details are on the Primary Care website at:

<http://www.bristol.ac.uk/primaryhealthcare/teachingundergraduate/ssc/>

Some of you who have supervised SSCs before, may have recently received an email from the Central Medical School Teaching Office inviting you to supervise again. However if you do agree to be a SSC supervisor, it is **VITAL** that you let us know in the [Primary Care Teaching Office](#) as soon as possible. This is firstly so we can arrange double marking of their project, and secondly to make sure we have the funds to pay you.

### Year 4 GP Teacher Workshop

Tuesday 28th Feb., Engineers' Hse, Clifton, Bristol

#### For new and experienced Year 4 GP teachers

We have four hospital and University colleagues to share their teaching expertise with you

- Domestic violence, lumps and bumps and lower limb assessment
- You will also hear about the new academic mentor scheme for medical students and the new clinical skills logbook

**Don't miss it!**

To book email [phc-teaching@bristol.ac.uk](mailto:phc-teaching@bristol.ac.uk)

### GP workshop questionnaire

A big thank you to all of you who completed the questionnaire.

We had replies from all 7 academies

64 replies — 32 ♂, 32 ♀

- 72% partners
- 69% qualified ≥ 16 years
- 36% work ≥ 8 sessions
- 72% in a training practice
- 25% trainers
- 78% at a workshop in last 2 years

More results to follow in February.
