Year 2&3 GP Teacher workshop 17th April, Engineers House, Clifton, Bristol

Don't miss this opportunity to meet the Teaching Fellows from the North Bristol Academy, medical students, Ellayne Fowler from TLHP and Nick Maskell who is the lead for CAPS (consultation and procedural skills). We will be covering cranial nerves, upper limb neurology, urinalysis, and BP measuring. Ellayne will show us how to improve our reflection skills - an essential skill for appraisal and revalidation. Don't miss this day.

To book please email phc-teaching@bristol.ac.uk

Launch of GP Teacher Awards

This year we are launching 6 annual GP teacher awards: one for the best teacher of each year and one for the best supervisor of an external student selected component. Two weeks ago we sent an email to all medical students inviting them to complete a brief on-line form to nominate a GP for one of these awards. Already we have received over 50 nominations. This is testimony to the high regard that students have for their teachers in general practice. Not all students have had their GP teaching in this academic year so we will be reminding the students again later in the year. The recipient of each award will be the GP with the most positive student nominations.

From the teaching admin team

The team is changing again and we would like to welcome Julia Carver and Mary Yarwood to the team. They are job sharing and will be joined in May by Jacqui Gregory who returns from maternity leave. We hope you will all welcome them. If you want to contact us, please use: phc-teaching@bristol.ac.uk to ensure a prompt response from the team.

We will present the awards at a GP teacher workshop in June. More information to follow.

Never done it?

Fancy dipping your toe in
the undergraduate teaching water?

Workshop for new GP Teachers

Tuesday 8th May, 1.30-5pm

Canynge Hall, Clifton, Bristol

Who should attend?

- Qualified GPs new to teaching students

What is the programme?

- Overview of student teaching years 1-5
- Hands on teaching practice
- Effective feedback giving (role play)

A great opportunity to find out more about teaching Bristol medical students.

You will meet like-minded people and take away some teaching skills which are transferable to other teaching situations.

To book email phc-teaching@bristol.ac.uk

From the COMP2 workshop 28th Feb

As always, those of you who came made it a lively and interactive day, thank you. We heard about the new academic mentor scheme for students, learned about teaching and brushed up on a number of topics incl. domestic violence, assessing mobility in older people and diarrhoea. If you would like to read about 'Much ado about poo', 'Timed get up and go', urinalysis, oximetry and more go to:
