## Selection process

### Assessment of applications

All applications are considered in accordance with the [University's policy on equality and diversity](#). The University of Bristol upholds the principles of equality and diversity, respect and dignity. Candidates are not discriminated against on the grounds of race, ethnicity, nationality, gender, sexuality, religion or belief, disability, health or age.

Once a complete application has been submitted with all required supporting documents, it is considered by clinicians involved with the administration of the programme and a shortlist is created. In addition to the essential criteria, candidates are ranked as to their suitability based on their prior clinical and professional experience and the personal statement. Criteria are equally ranked. Shortlisted candidates will then be interviewed. Approximately 2-3 students will be interviewed for every position.

In some subject areas, we receive a high volume of good quality applications for a small number of places. In these areas, we may need to select applications for offer of admission from a high quality pool using the following criteria:

- Exposure and attendance at subject specific Continuing Professional Development

## Interviews

Interviews will be held as part of the admissions process.

The purpose of the interview is to assess whether the applicant currently has the necessary skills and capabilities to pursue the chosen postgraduate programme, and whether the programme is appropriate to the applicant's interests and aspirations.

If required, interviewees based overseas will normally be interviewed by telephone or Skype.

All interviews are conducted by three members of staff, at least one of whom is trained in fair and effective recruitment techniques. All interviews are undertaken in accordance with the University's policy on equal opportunities.

Successful candidates will be told of the outcome for shortlisting within a week of the closing date. Following interviews, the successful candidates will be notified within a week. All candidates will be notified within two weeks of the interviews.

## Decisions

### Notification of decisions

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission, this will be stated in the offer letter.

### Offers

Offers will typically be made in line with the academic requirements set out above.

Offers made may be conditional or unconditional. An unconditional offer will be made to successful applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, successful applicants will receive a conditional offer outlining the requirements that must be met.

If an applicant is not selected to receive an offer for the course to which they have originally applied, we may offer the opportunity to be considered for an alternative programme in a related subject area. In such cases applicants will receive an email notification providing any alternative course options and asking whether they wish to be considered for these. It may be necessary for applicants to submit additional documentation in order for the application to be fully considered for an alternative programme. Details of the documentation required can be found in the [admissions statement](#) for the relevant programme.

### Deferrals

Deferrals are not permitted for this programme. Applicants are encouraged to re-submit their application for consideration following year.
