

## Postgraduate Admissions Statement

# PhD Physiology, Pharmacology and Neuroscience

### Programmes Covered

This admissions statement applies to the following programme(s):

MSc by Research, PhD and MD in Physiology, Pharmacology and Neuroscience

Applicants should also refer to the relevant prospectus entry for further programme details.

This admissions statement should be read in association with the [University Admissions Principles and Procedures for Postgraduate Taught Programmes](#).

### Faculty

Faculty of Life Sciences

### Admissions team and contact details

Telephone: +44 0117 331 2370

Website: [www.bristol.ac.uk/biomedical-sciences/gradschool/](http://www.bristol.ac.uk/biomedical-sciences/gradschool/)

### Admissions cycle

This Admissions Statement applies to applications submitted for entry to the programme between 1st October 2018 and 30th September 2019

### Application deadline

Details of application deadlines for this programme are displayed on the individual programme page within the [University course finder](#).

### Admissions criteria

#### Academic requirements

A first or upper second-class honours degree (or international equivalent) in a biomedical science discipline is required for entry to the PhD programme. We may consider MSc by research applications from candidates with a lower second-class degree (or international equivalent). Applicants for the MD should be medically qualified and should consult with the graduate director before applying.

For information on international equivalent qualifications, please see our [International Office website](#).

#### English language requirements for non-native English speakers

For applicants whose first language is not English, and whose full undergraduate degree was not taught in an

English-speaking country, it is necessary to hold/achieve a minimum score in an approved English language test as specified in Profile C of the [University's English Language Requirements Policy](#).

Applicants do not need to have reached the required level of English language before applying. If necessary, English language will be included as a condition of offer.

Applicants have the option to undertake one of the University's Pre-sessional English courses. You can find information about the University of Bristol's Pre-Sessional English courses at the [Centre for English Language and Foundation Studies website](#).

### Additional requirements

There are no additional requirements for this programme.

## Application process

### Online application form

Applicants should complete the online application form, uploading all [required documents](#) directly into the application form. Guidance on uploading documents can be found in the [How to Apply FAQs](#). Any paper documents received by post, or electronic documents received by email, will not be considered except in exceptional circumstances.

Applicants should make every effort to choose the correct programme in the application form by reading the prospectus entry and admissions statements fully. Applicants should [contact the relevant Admissions Team](#) if clarification is required.

### Documents required

The required documents for this programme are listed below. Applications may not be considered until all required documents have been uploaded to the application form.

Applicants who have already submitted an application can upload additional documents into the 'Post-submission uploads' section of the application form. Information about how to upload documents to an application form can be found in our [How to Apply FAQs](#).

#### Required documents for this programme are:

- **Two academic references (minimum):** References should be submitted electronically by the referee, using the online reference form. Alternatively, scanned copies of the original reference document(s) can be uploaded by the applicant. Both referees should be familiar with the applicant's academic work. If you graduated more than two years ago, or if professional experience is relevant to the application, professional references will be accepted in lieu of one academic reference.

References must be written, signed and dated on official letter headed paper from the referee's organisation. They must include the referee's full contact details, i.e. postal address, telephone number and organisation email address. References supplied with a personal contact email address will not be accepted unless under exceptional circumstances, which must be explained within the reference. All references must be dated within the last two years.

- **Degree certificate(s)** from first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English.
- **Academic transcripts** from first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English. Transcripts must list all subjects taken and grades achieved to date, with the grade scale clearly displayed in the transcript. Applicants must clearly state their current average grade in the online application form.

- **Research Statement:** The primary requirement for the research statement is to define and situate your research within an academic/disciplinary context. You should remember that people in the academic community are the primary audience/readership for postgraduate research. This means that you will need to identify:
  1. The research questions or problems that you intend to address;
  2. The research context for your project/programme of work;
  3. The methods you think you will use to pursue the key questions.

It is likely that potential applicants would generate a research proposal following preliminary consultation with potential supervisors.

- **Personal statement:** Personal statements should highlight the motivation for applying for the course, and any relevant experience and/or skills. They should include details of the applicant's experience and their reasons for choosing this programme.
- **English language certificates** are required from applicants for whom English is not the native language and whose full undergraduate degree was not taught in an English-speaking country (please see the [English Language Requirements](#) for a list of English-speaking countries)

#### Optional documents for this programme are:

- **Curriculum Vitae (CV):** A CV is not required but can help an application. CVs might include details of other relevant qualifications to support an application. Please do not include any school (pre-university) certificates, unless otherwise specified above.
- **Additional References:** Applicants are welcome to upload additional references to further support an application. Professional references from work experience in a related field and/or industrial placements can help an application.
- **Research Training Statement:** A Research Training Statement is not required, but applicants are welcome to provide details of any training requirements to support their postgraduate studies. If there are no training requirements this section can be left blank.

#### Correspondence with applicants

Applicants will normally receive communication via email to the email address used to set up the application form account. Applicants should ensure the profile email address is kept up-to-date.

#### Selection process

##### Assessment of applications

All applications are considered in accordance with the [University's policy on equality and diversity](#). The University of Bristol upholds the principles of equality and diversity, respect and dignity. Candidates are not discriminated against on the grounds of race, ethnicity, nationality, gender, sexuality, religion or belief, disability, health or age.

Once a complete application has been submitted with all required supporting documents, it is considered by the proposed supervisor. Following initial review, applicants will be interviewed by their proposed supervisor. The school's Director of Graduate Studies makes the final decision about an application.

##### Interviews

If the supervisor expresses an interest in pursuing your application, that supervisor will contact you directly to arrange an interview.

The purpose of the interview is to assess whether the applicant currently has the necessary skills and capabilities to pursue the chosen postgraduate programme, and whether the programme is appropriate to the applicant's interests and aspirations.

If required, interviewees based overseas will normally be interviewed by telephone or Skype.

All interviews are conducted by two members of staff, at least one of whom is trained in fair and effective recruitment techniques. All interviews are undertaken in accordance with the University's policy on equal opportunities.

You may be asked for additional information to help a supervisor evaluate your application.

### Non-standard applications

We welcome applications from those with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to the programme of study. Please use your personal statement to provide further details.

Non-standard applications will be considered by the Director of Graduate Studies for the programme on a case by case basis.

### Additional requirements

Overseas and self-funding students may be required to provide bench fees appropriate to the costs of their chosen research project. Enquiries about bench fees should be addressed to the named Supervisor at the time of application.

## Decisions

### Notification of decisions

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission, this will be stated in the offer letter.

### Offers

Offers will typically be made in line with the academic requirements set out above.

Offers made may be conditional or unconditional. An unconditional offer will be made to successful applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, successful applicants will receive a conditional offer outlining the requirements that must be met.

### Deferrals

Deferred entry (moving an offer holder's programme start date to a later date) is available for this programme, subject to agreement by the Supervisor and Director of Graduate Studies. Please contact the admissions team by emailing [fbs-pgenquiries@bristol.ac.uk](mailto:fbs-pgenquiries@bristol.ac.uk) if you would like to request to defer your start date.

## Additional information

### Extenuating Circumstances

If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies you can submit an [extenuating circumstances](#) form as part of your application.

The information provided on the form will be treated confidentially, and will help us to fairly assess your academic performance in light of your circumstances.

### ATAS

Applicants who will require a visa to study in the UK will also be required to gain clearance through the Academic Technology Approval Scheme (ATAS). Please see the ATAS page on the Foreign and Commonwealth Office website for further information.

The Academic Technology Approval Scheme is a clearance process which affects overseas applicants (outside

the EEA and Switzerland) for certain postgraduate science, technology, medical and engineering studies in the UK. Applicants to affected programmes are required to obtain an ATAS certificate before applying for a visa.

### Deposits

There is no deposit required for this programme.

### Visa

International students coming to the UK to study full-time must apply for a student visa. [Tier 4 student visa guidance notes](#) are available on the University website.

### Sponsored Students

Sponsored students will need to upload a copy of their sponsorship letter using the 'Post Submission Uploads' section of the online application. Sponsored students will also need to complete and upload the [sponsorship authorisation form](#).
