Application process

Online application form

Applicants should complete the online application form, uploading all required documents directly. Guidance on uploading documents can be found in the [guidance for online applications](#). Paper documents received by post, or electronic documents received by email, are only considered in exceptional circumstances.

Before applying, make sure you choose the right programme by reading the prospectus entry and Admissions Statement fully. If you need clarification, please [contact the relevant admissions team](#).

Applications may not be considered until all required documents have been uploaded. If you have already submitted an application, you can upload additional documents into the 'Post-submission uploads' section of the application form.

Documents required

Required documents for this programme are as follows:

- **One academic and one professional reference (minimum).** References should be submitted electronically by the referee, using the online reference form. Alternatively, scanned copies of the original reference document(s) can be uploaded by the applicant. The professional reference should be related to your relevant professional experience. References must be written, signed and dated on official letter-headed paper from the referee's organisation and must include full referee contact details, as shown in the [reference template](#). References supplied with a personal contact email address are only accepted in exceptional circumstances, which must be explained within the reference. All references must be dated within the last two years.
- **Degree certificate(s)** from first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English.
- **Academic transcripts** from first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English.

Transcripts must list all subjects taken and grades achieved to date, with the grade scale clearly displayed in the transcript. Applicants must state their current average grade in the online application form.

- **Personal statement.** Personal statements should highlight the motivation for applying for the course, and any relevant experience and/or skills.

Please set out your reasons for applying clearly and concisely. This element of the application is extremely important in the decision-making process. The statement should focus on the relationship between your existing qualifications, professional experience and professional development, and the role the programme will play in this.

- **English language certificates** are required from applicants whose native language is not English and whose full undergraduate degree was not taught in an [English-speaking country](#).
- **Curriculum vitae (CV):** CVs should include details of relevant work (e.g. teaching) experience and any other relevant qualifications. Please do not include any school (pre-university) certificates, unless specified above.

Selection process

Assessment of applications

All applicants are considered on an equal basis in line with the [University's Equality and Diversity Policy](#).

Once a complete application has been submitted with all required supporting documents, it is considered by academic and professional services staff in the School of Education. All applicants must meet the entry requirements above, and we pay particular attention to the personal statement.

Where an applicant has undertaken a transnational education partnership programme or top-up degree, meeting the minimum academic entry criteria will not automatically mean an applicant will receive an offer. For these applicants, admissions decisions will consider the academic history of the applicant alongside relevance of degree, and, if required, degree content, and performance in key modules.

Each applicant is considered both holistically on their own merit and in competition with the rest of the applicant cohort during the academic cycle.

Interviews

Interviews do not normally form part of the selection process. However, we may interview applicants with non-standard qualifications or those with additional skills and experience to be considered as part of their application.

Interviews are used to assess whether the applicant has the necessary skills and capabilities to pursue their chosen programme, and whether the programme is appropriate to their interests and aspirations.

Interviewees based overseas are usually interviewed by telephone or Skype.

Interviews are normally conducted by two members of staff, at least one of whom is trained in fair and effective recruitment techniques. All interviews are undertaken in accordance with the [University's Equality](#)

[and Diversity Policy](#).

Non-standard applications

We welcome applicants with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to their chosen programme. Please use your personal statement to provide further details.

Non-standard applications are considered by the programme admissions tutor(s).

Decisions

Notification of decisions

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. Decision letters include any deadline by which you must accept an offer.

Offers

Offers are typically made in line with the academic requirements set out above. Offers may be set above or below this level in recognition of an applicant's relevant qualifications and experience. Offer levels may also be adjusted in response to the level of competition for places in that application cycle.

Offers may be conditional or unconditional. Unconditional offers are made to successful applicants who have met the admissions requirements. Successful applicants who have not yet fulfilled the academic or language requirements will receive a conditional offer outlining the outstanding requirements.

Unsuccessful applicants may be considered for an alternative programme in a related subject area. In such cases, applicants will receive an email with details of the alternative options. You may have to submit additional documentation to be considered for an alternative programme. Please check the relevant [Admissions Statement](#) for details.

Deferrals

Deferred entry (moving an offer holder's programme start date to a later date) is available for this programme, subject to agreement. Please [contact](#) the admissions team if you would like to defer your start date.
