Master of Engineering, Bachelor of Engineering, Diploma of Higher Education, Certificate of Higher Education

- Computer Science with Innovation
- Electrical and Electronic Engineering with Innovation

In the Faculty of Engineering

Master of Engineering, Bachelor of Engineering, Diploma of Higher Education, Certificate of Higher Education

- Aerospace Engineering
- Civil Engineering
- Computer Science (MEng, Diploma and Certificate only)
- Computer Science and Electronics
- Electrical and Electronic Engineering
- Engineering Design
- Engineering Mathematics
- Mathematics and Computer Science (MEng, Diploma and Certificate only)
- Mechanical Engineering
- Mechanical and Electrical Engineering

Master of Engineering, Bachelor of Engineering

- Aerospace Engineering with Study Abroad
- Aerospace Engineering with Study Abroad in a Modern Language
- Aerospace Engineering with Study in Continental Europe
- Civil Engineering with Study Abroad
- Civil Engineering with Study Abroad in a Modern Language
- Civil Engineering with Study in Continental Europe
- Civil Engineering with a Year in Industry
- Computer Science and Electronics with Study Abroad
- Computer Science with Study Abroad (MEng only)
- Computer Science with Study in Continental Europe (MEng only)
- Electronic and Communications Engineering (closed to new entrants)
- Electrical and Electronic Engineering with Study Abroad
- Electrical and Electronic Engineering with Study Abroad in a Modern Language
- Electrical and Electronic Engineering with Study in Continental Europe
- Electrical and Electronic Engineering with a Year in Industry
- Engineering Design with Study in Industry
- Engineering Mathematics with Study Abroad
- Engineering Mathematics with a Year in Industry
- Mechanical and Electrical Engineering with a Year in Industry
- Mechanical Engineering with Study Abroad

- Mechanical Engineering with Study Abroad in a Modern Language
- Mechanical Engineering with Study in Continental Europe
- Mechanical Engineering with a Year in Industry

Bachelor of Science

- Computer Science
- Computer Science with Study Abroad
- Computer Science with Study in Continental Europe
- Mathematics and Computer Science

In the Faculty of Health Sciences

- International Foundation Programme for Medicine and Dentistry

Bachelor of Medicine, Bachelor of Surgery (MB ChB)

- Medicine

Bachelor of Dental Surgery (BDS)

- Dentistry

Bachelor of Science, Diploma of Higher Education, Certificate of Higher Education

- Applied Anatomy
- Anatomical Science (intercalating students only)
- Child Health Research (intercalating students only)
- Dental Hygiene and Therapy
- Science of Dentistry
- Science of Medicine
- Veterinary Nursing and Bioveterinary Science
- Veterinary Nursing and Companion Animal Behaviour
- Veterinary Science
- Veterinary Science: Accelerated Graduate Entry Programme

Bachelor of Science

- Bioethics (intercalating students only)
- Clinical Sciences (intercalating students only)
- Functional and Clinical Anatomy (intercalating students only)
- Global Health (intercalating students only)
- Genomic Medicine (intercalating students only)

Bachelor of Veterinary Science

- Veterinary Science
- Veterinary Science: Accelerated Graduate Entry Programme

Diploma of Higher Education

- Diploma in Dental Hygiene
- Diploma in Dental Therapy

Certificate of Higher Education

- Gateway to Dentistry
- Gateway to Medicine
- Gateway to Veterinary Science

In the Faculty of Life Sciences

Bachelor of Science, Diploma of Higher Education, Certificate of Higher Education

- Biochemistry with Study in Industry
- Biomedical Sciences
- Cancer Biology and Immunology
- Cancer Biology and Immunology with Study in Industry
- Cellular and Molecular Medicine
- Cellular and Molecular Medicine with Study in Industry
- Medical Microbiology
- Medical Microbiology with Study in Industry
- Neuroscience
- Pharmacology
- Physiological Science

- Virology and Immunology
- Virology and Immunology with Study in Industry

Master in Science, Bachelor of Science, Diploma of Higher Education, Certificate of Higher Education

- Biochemistry
- Biochemistry with Medical Biochemistry
- Biochemistry with Molecular Biology and Biotechnology
- Biology
- Cancer Biology and Immunology
- Cellular and Molecular Medicine
- Medical Microbiology
- Neuroscience
- Neuroscience with Study in Industry (MSci and BSc only)
- Pharmacology
- Pharmacology with Study in Industry (MSci and BSc only)
- Physiological Science
- Physiological Science with Study in Industry (MSci and BSc only)
- Plant Sciences
- Psychology
- Psychology and Neuroscience
- Virology and Immunology
- Zoology

In the Faculty of Science

Master in Science, Bachelor of Science, Diploma of Higher Education, Certificate of Higher Education

- Chemical Physics
- Chemical Physics with Industrial Experience (MSci only)
- Chemistry
- Chemistry with Industrial Experience (MSci only)
- Chemistry with Scientific Computing
- Chemistry with Study Abroad (MSci only)
- Chemistry with Study Abroad in a Modern Language
- Chemistry with Study in Continental Europe (MSci only)
- Environmental Geoscience
- Environmental Geoscience with Study Abroad (MSci only)
- Environmental Geoscience with Study in Continental Europe (MSci only)
- Environmental Geoscience with Study in North America (MSci only)
- Geography (closed to new entrants)
- Geography with Quantitative Research Methods
- Geology
- Geology with Study Abroad (MSci only)
- Geology with Study in Continental Europe (MSci only)
- Geology with Study in North America (MSci only)
- Geophysics
- Geophysics with Study Abroad (MSci only)
- Mathematics
- Mathematics and Philosophy
- Mathematics and Physics
- Mathematics with Statistics
- Mathematics with Statistics for Finance
- Mathematics with Study Abroad (MSci only)
- Mathematics with Study Abroad in a Modern Language
- Mathematics with Study in Continental Europe (MSci only)
- Palaeontology and Evolution
- Physics
- Physics and Philosophy
- Physics with Astrophysics
- Physics with Industrial Experience (MSci only)
- Physics with International Experience (MSci only)
- Physics with Scientific Computing
- Physics with Scientific Computing with Industrial Experience
- Physics with Study Abroad in a Modern Language
- Physics with Study in Continental Europe (MSci only)
- Science (Chemical Physics) (BSc only)
- Science (Mathematics and Philosophy) (BSc only)
- Science (Mathematics and Physics) (BSc only)
- Science (Physics) (BSc only)
- Science (Physics and Philosophy) (BSc only)

- Science (Physics with Astrophysics) (BSc only)
- Science (Theoretical Physics) (BSc only)
- Theoretical Physics

Bachelor of Science, Diploma of Higher Education, Certificate of Higher Education

- Data Science
- Data Science with year in Industry
- Geography
- Geography with Quantitative Methods
- Geography with Study Abroad in a Modern Language
- Geography with Study in Continental Europe (BSc only)
- Geography with Study Abroad (BSc only)
- Geology and Biology (closed to new entrants)
- Psychology

In the Faculty of Social Sciences and Law

Graduate Diploma

- Economics

Master in Science, Bachelor of Science, Diploma of Higher Education, Certificate of Higher Education

- Childhood Studies with Quantitative Research Methods
- Criminology with Quantitative Research Methods
- Politics with Quantitative Research Methods
- Social Policy with Quantitative Research Methods
- Sociology with Quantitative Research Methods

Bachelor of Science, Diploma of Higher Education, Certificate of Higher Education

- Accounting and Finance
- Accounting and Finance with Study in Continental Europe (BSc only)
- Accounting and Finance with Professional Placement (BSc only)
- Accounting and Management
- Accounting and Management with Study Abroad (BSc only)

Master of Science, Postgraduate Diploma, Postgraduate Certificate

- Innovation and Entrepreneurship
- Migration and Mobility Studies

In the Faculty of Engineering

Master of Science, Postgraduate Diploma, Postgraduate Certificate

- Advanced Composites
- Advanced Computing
- Advanced Computing - Creative Technology
- Advanced Computing - Machine Learning, Data Mining and High Performance Computing
- Advanced Microelectronic Systems Engineering
- Aerial Robotics
- Biomedical Engineering
- Biorobotics

- Computer Science
- Communication Networks and Signal Processing
- Communications
- Digital Health and Care
- Earthquake Engineering and Infrastructure Resilience
- Engineering Mathematics
- Financial Technology with Data Science
- Image and Video Communications and Signal Processing
- Non-Destructive Evaluation
- Optical Communications and Signal Processing
- Robotics (joint award with the University of the West of England)
- Water and Environmental Management
- Wireless Communications and Signal Processing

Master of Research, Postgraduate Diploma, Postgraduate Certificate

- Advanced Composites
- Composites Manufacture
- Future Innovation and Non-Destructive Evaluation (MRes/Certificate only)
- Interactive Artificial Intelligence
- Robotics and Autonomous Systems
- Systems
- Trust, Identity, Privacy and Security in Large-scale Infrastructures (MRes/Certificate only)

In the Faculty of Health Sciences

Master of Science, Postgraduate Diploma, Postgraduate Certificate

- Clinical Conscious Sedation and Anxiety Management (Certificate only)

- Veterinary Sciences (MSc only)

Master of Research, Postgraduate Certificate

- Health Sciences Research
- Health Sciences Research (Renal)
- Health Sciences Research (Translational Cardiovascular Medicine)

In the Faculty of Life Sciences

Master of Science, Postgraduate Diploma, Postgraduate Certificate

- Applied Neuropsychology
- Applied Neuropsychology (distance learning)
- Biomedical Sciences Research
- Biophysics and Molecular Life Sciences
- Clinical Neuropsychology
- Clinical Neuropsychology Practice (Certificate only)
- Experimental Psychology
- Theoretical and Practical Clinical Neuropsychology (Diploma/Certificate only)

- Transfusion and Transplantation Sciences

Master of Research, Postgraduate Diploma, Postgraduate Certificate

- Research Methods for Life Sciences

In the Faculty of Science

Master of Science, Postgraduate Diploma, Postgraduate Certificate

- Climate Change Science and Policy
- Environmental Policy and Management
- Mathematical Sciences
- Mathematics of Cybersecurity
- Nanoscience and Functional Nanomaterials
- Nuclear Science and Engineering
- Palaeobiology
- Physics
- Physics with Scientific Computing
- Research Methods in Psychology
- Volcanology

Master of Research, Postgraduate Diploma, Postgraduate Certificate

- Aerosol Science
- Chemical Synthesis
- Computational Statistics and Data Science
- Condensed Matter Physics
- Functional Nanomaterials
- Quantum Engineering
- Technology Enhanced Chemical Synthesis
