

**Cabot Summer School**

# **Risk and uncertainty in natural hazards**

**16 - 20 July 2012**

**Engineers' House, Bristol**

**Tutors include:**

**Dr Jonathan Rougier** (Director of BRISK)

**Professor Willy Aspinall** (Cabot Professor in Natural Hazards and Risk Science)

**Dr Li Chen** (Lecturer in Statistics)

**Professor Steve Sparks FRS** (Professor of Volcanology)

**Fees\* Students £300; Non-students £500 + accommodation fees**

**Costs includes all course materials and lunch**

**For more details and to apply, please visit [www.bristol.ac.uk/cabot](http://www.bristol.ac.uk/cabot)**

## **Topics**

**Risk and uncertainty in natural hazards**

**Quantifying and visualising uncertainty**

**Model checking and calibration**

**Working with spatial data**

**Expert elicitation of uncertainties**

 **University of  
BRISTOL**  
**Cabot Institute**

 **brisk**  
Bristol environmental risk research centre

**The Cabot Summer School is for postgraduate students, early career researchers and scientists from industry and government agencies.**
