

Collaborative Groups – Approval by GSOE

There is a Master's unit, EDUCM5307, which can be used to accredit work of groups undertaken as part of research projects. The cost for each member of the group will be the usual cost for studying a unit at Master's level. See Laurinda Brown, in the first instance, to discuss your ideas.

Please complete the following information as completely as possible. The case for your group will be considered by a sub-committee of Teaching & Learning Committee.

Name of Proposing Academic	
Name of Collaborative Group	
Number of Students in Group	
Details of any External Partners e.g. Schools, LAs	
Subject or Area covered	
Staffing Details	
Financial Information: Please include, any links to research funding and whether or not you will be applying for TDA bursaries	
Other supporting information: Please include benefits for GSoE, group members, proposing academic etc that will strengthen your case.
