

HITACHI'S SUPER EXPRESS TRAINS FOR THE ELECTRIFIED GREAT WESTERN MAIN LINE

Institution of
**MECHANICAL
ENGINEERS**

**FREE BEER
AND PIZZA
AFTER THE
LECTURE**

LECTURE BY

**Sean Denington (Hitachi) and
Mary McNamara (First Great Western)**

**Tuesday 24 February 2015
18.30 to 19.45**

**University of Bristol, Lecture Theatre 1
School of Chemistry, Cantock's Close,
Bristol BS8 1TS**

Hitachi is one of the world's most successful suppliers of railway equipment. The lecture will describe the design, manufacture, operation and maintenance of the new high speed trains, now being built for the routes from Swansea and Bristol to London.

CAREER OPPORTUNITIES

Discuss careers in the fast-growing world of railway engineering with Hitachi, First Great Western, Arriva Trains Wales and other major employers over tea and coffee from 17.00, and with free pizzas, beers and other drinks after the lecture from 19.45 to 20.45.

Improving the world through engineering
