

Pathways to optimizing antibiotic use in rural China

Dr Meixuan Chen, SRA

Department of Population Health Sciences, Bristol Medical School

- ✓ ODA-led challenge: **Anti-Microbial Resistance and global health (SDGs 1 – Eliminating Poverty; 3 – Good health and wellbeing; 8-Decent Work and Economic Growth; 12 Responsible Consumption and Production; & 4 Clean Water and Sanitation)**
- ✓ Countries to benefit: **China, UK**

- ❖ Interdisciplinary and UK-China collaborative project: qualitative and quantitative
- ❖ Seeking new collaborators from social sciences, microbiology, medical, veterinary and environmental sciences in Asia
- ❖ Hoping to hear about experience of others that might be relevant to our work
- ❖ Offering potential expertise in ethnography & health, migration in Asia/China
