

Women's empowerment and child health: exploring the impact of Rojiroti Microfinance in poor communities in Bihar, Northern India

- ▶ **SDG focus:** Ending hunger and child malnutrition; women's empowerment; reducing inequalities
- ▶ **Beneficiary country:** India
- ▶ **Approach/methods:** Qualitative exploration of the reasons behind improved health of children of female microfinance loan recipients, using interviews and focus groups.
- ▶ **Why attending the symposium:** We hope to hear about the experiences of other research teams and explore potential collaborations.
