Section 2 To be completed by the applicant's General Practitioner or Specialist

The patient named in Section 1 is applying for a disabled parking permit at the University of Bristol. Please complete this form to confirm the nature of their condition so the University's Occupational Health Service can assess their eligibility for a disabled parking permit. All information will remain confidential.

Please tick any of the statements below that apply to the Applicant.

My patient regularly requires the use of a walking aid – such as a wheelchair, walking frame, a stick or a leg brace.

My patient is registered as blind or partially sighted with their local authority.

My patient is only able to walk very short distances without needing to rest or without requiring the assistance of another person.

My patient has a permanent and substantial disability which means they are unable to walk or have very considerable difficulty in walking.

My patient has a long-term medical condition which makes it impossible for them to travel to the University by any means other than a car and which means they need to park within the University Estate.

My patient has undergone surgery, are undergoing treatment or has had an accident which has left them with a temporary mobility impairment.

My patient is experiencing a difficult pregnancy that makes it impossible for them to travel to the University by any means other than a car and which means they need to park within the University estate.

Please provide further information below including the likely **duration** of their condition and how a disabled parking space would be of benefit to your patient in their particular circumstances. Please continue on a separate sheet as necessary.

Diagnosis or working diagnosis: How long has the applicant had the condition/s? Has it or is it likely to last 12 months or more? What is the impact of the condition or conditions for this applicant – in particular with regards to travel to and from work or study? How would this applicant benefit from a parking permit?

In your opinion, if this patient has a temporary mobility impairment please indicate approximately how long they will require use of a University disabled parking space.
